

Staff,

I want to thank everybody who has helped me so much throughout the years, everybody has been amazing. I'm really sad to leave because everybody here is like a family. Without all the support I've received from everyone from this school, I wouldn't be where I am today. Every staff member has made a difference in my life, supporting me when I had good days and bad days, pushing me to get my qualifications which I am really grateful for. I want to say again that all the help from all of you, you've made me the person I am today because before this school I always feared that I would struggle with anxiety forever but after six years here with everyone's support, I've gained confidence, independence and many more qualities that I wouldn't have without you all so I'm grateful for all of you because of the large (amazing impact) I'll miss you all and I'll make sure to come in and visit.

Students,

To all the students I wish you guys all the best, I hope you all achieve your qualifications and get where you want to be. You should all try your best to behave for the staff because all that they want for you is that you do well in life, they are always there to help and I'm sure a lot of you already know that.

Goodbye.
